

Dr. Patricio Mena Chamorro

Patricio Mena es Licenciado en Psicología por la Universidad de Tarapacá y Doctor en Psicología por la Universidad de La Frontera. Actualmente es Profesor Asistente de la Universidad de Tarapacá. Sus líneas de investigación se centran en la psicología experimental y la neurociencia cognitiva, particularmente en el estudio del control cognitivo y la neuromodulación no invasiva mediante estimulación vagal transcutánea (tVNS), así como en psicometría y metodología cuantitativa aplicada al desarrollo y validación de instrumentos psicológicos. En docencia, sus áreas de especialización incluyen metodología de la investigación, psicometría, análisis de datos y psicología cognitiva.
